<p>Freshwater Society Art Scholarship Contest</p> <p>The Freshwater Society of Minnesota, in conjunction with SSC, sponsors an annual art and scholarship contest to provide opportunities for regional senior high students. The students are challenged to creatively display and celebrate the beauty of water, lament its environmental degradation, or illustrate its impact on the human condition.</p> <p>Nancy Yang, Rochester Century High School one of six scholarship recipients, was chosen from 32 finalists who emerged from a field of 255 artists from 55 schools throughout Minnesota.</p>	<p>Future City Competition</p> <p>Students learn engineering as they learn how cities work and learn valuable about teamwork and planning. Students better understand practical applications of math, science, language arts, and computer learning as they design their cities.</p> <p>School teams of 7th and 8th graders start by developing a project plan, designing their cities with SimsCity 3000 software, creating a scale model with recycled materials, and then make oral presentations and answer questions at the state competition.</p> <p>A team from St. Francis School in Rochester, placed first and represented Minnesota at the National in Washington, DC.</p>
